OPENS SEPTEMBER 2, 1884.

The healthfulness of location, the splendid buildings, well situated and nicely furnished, the ample grounds for exercise and recreation, beautifully adorned with forest trees, flowers and shrubbers, the mode home department, the thorough and extensive course of instruction, the able and experienced faculty, each one a specialist, the new and elaborate philosophical and chemical apparatus, the splendid library and varied collection of globes, maps, charts, and other invaluable aids to study, the unparalleled health record, together with the elevated moral tone and refined social influences, are the features that commend HARDIN COLLEGE to such parents as are desirous of the thorough and finished education of their daughters. No boys, of any age, admitted. Character and class of school considered, guaranteed the cheapest in the West. Eighty boarding pupils and a large local patronage last session attest the popularity of Hardin College both abroad and at home. In the Music and Art Departments 260 names were enrolled. No other female college makes such an exhibit, and this number indicates the highest character of instruction.
